Meet Mona

I'm Mona Jackson-Ham, founder of **MJUnlimited Essential Marketing** and **ThinkBox AI Operation Systems**. I help entrepreneurs, ministries, educators, and everyday business owners use AI, branding, automation, and digital marketing in ways that actually make sense.

My content is built on one idea: technology should be simple, strategic, and useful. I show people how to use AI to save time, sharpen their operations, build stronger marketing systems, and show up online with confidence. Alongside that, I create brand visuals, social media content, business education, faith-based encouragement, and digital strategy resources for people who want to grow without drowning in tech noise.

My work blends creativity, business strategy, and AI education. Through my platforms, I connect brands with audiences who value innovation, purpose, professionalism, and real-world results.

"I help people stop being intimidated by AI and start using it to build smarter, stronger, more efficient businesses."

Two Companies. One Mission.

MJUnlimited Essential Marketing	ThinkBox AI Operation Systems
Branding, content, and digital marketing strategy for purpose-driven brands. We design visuals, build content systems, and create marketing that actually converts — without the guesswork.	Practical AI education and automation systems for entrepreneurs, ministries, and small teams. We turn AI tools into workflows that save time, sharpen operations, and unlock growth.

Content Pillars

- ◆ **AI Education** — practical tools, prompts, and workflows business owners can actually use.
- ◆ **Branding & Design** — visuals, identity systems, and content that look as strong as they sell.
- ◆ **Marketing Strategy** — content frameworks, social media systems, and audience growth playbooks.
- ◆ **Automation & Operations** — turning repeatable work into systems that run themselves.
- ◆ **Faith-Based Leadership** — purpose, encouragement, and integrity-led business education.
- ◆ **Personal Development** — mindset, productivity, and growth for modern entrepreneurs.

THE AUDIENCE

Who I Reach

My audience is made up of business owners, ministry leaders, creatives, parents, educators, and professionals who are ready to learn, grow, and use modern tools wisely. They value innovation, purpose, professionalism, and real-world results.

Parents & Professionals	Productivity, side businesses, practical tech literacy

Brand Values My Audience Aligns With

- ❖ Growth & Entrepreneurship
- ❖ Education & Productivity
- ❖ Digital Transformation
- ❖ Innovation with Purpose
- ❖ Faith, Integrity & Meaningful Impact

PARTNERSHIPS

Work With Me

I partner with brands aligned with growth, education, productivity, digital transformation, entrepreneurship, and meaningful impact. Whether you're launching a new AI tool, an education platform, a creator product, or a faith-aligned service, I help you reach an audience that's ready to buy, learn, and grow.

Collaboration Opportunities

- ◆ **Sponsored Content** — Instagram, TikTok, YouTube, and short-form video integrations.
- ◆ **Brand Ambassadorships** — long-term partnerships across multiple platforms.
- ◆ **Product Reviews & Tutorials** — authentic demos for AI tools, software, and creator products.
- ◆ **Educational Workshops & Webinars** — co-hosted trainings for your audience or mine.
- ◆ **Speaking & Panels** — keynotes and sessions on AI, branding, and entrepreneurship.
- ◆ **Affiliate & Licensing** — referral partnerships and licensed educational content.
